

DESIGN AWARDS 2021

BESPOKE WINDOW/GLASS PROJECT

THE BESPOKE WINDOW/GLASS PROJECT AWARD RECOGNISES FENESTRATION, GLASS AND GLAZING PRODUCTS THAT COMPLEMENT AND ENHANCE THE DESIGN OF A BUILDING. THE WINDOWS AND/OR DOORS AND GLASS AND GLAZING PRODUCTS HAVE BEEN CUSTOM MADE FOR A PARTICULAR PURPOSE AS PER A CUSTOMER'S REQUEST. THESE ARE NOT STANDARD PRODUCTS AND ARE PRESENTED TO SHOWCASE AND HIGHLIGHT THE WAY IN WHICH THE PRODUCTS CAN CONTRIBUTE TO AND IMPROVE THE ATTRACTIVENESS OF A BUILDING AND/OR FULFILL A SPECIFIC PURPOSE.

The AGWA Design Awards aim to:

- Increase the level of interest in windows, doors and glass products.
- Raise the awareness, profile and interest in AGWA members and differentiate them from others.
- Execute a consistent professional showcase for windows, doors and glass products, celebrating and recognising excellence.

There are two categories in the Bespoke Window/Glass Project Award:

UNDER \$10,000

OVER \$10,000

Please Note: Dollar value is for products supplied.

NATIONAL CATEGORY

This category will be judged at a national level and winners will be celebrated via social media, AGWA website and the Design Awards Magazine, trophies will be presented to all winners.

ENTRY CONDITIONS

- Only AGWA Members may apply.
- The construction must be in Australia.
- The construction must have been completed between January 2019 and July 2021.
- Maximum two (2) entries per category.
- Only one application will be accepted per email. (Do not include multiple entries on one email).

Completed submissions do not need to be professionally printed or bound.

JUDGING CRITERIA

Judging will be based on the following criteria:

35%

Workmanship: Provide a description of the accuracy and final finish of the works, the quality of materials used, detail as to local content, timeliness of the project and client's responses.

35%

Technical Excellence: Provide a description of the technical complexity of the work undertaken, any engineering solutions that were required, energy compliance and features, compliance to Australian Standards, use of new products or methods and any safety contributions or requirements.

20%

Design Compliance: Provide a description of aesthetics and the innovative use of window, door, glass and glazing products.

10%

Client Expectations: Provide an explanation of what the requirements of the client were and what was required to meet those expectations and how satisfied the client was at the end of the works.

It is ultimately the judges' discretion as to whether an award will be granted for a particular category, particularly if there is a small number of entrants.

As a general rule, first place will be awarded in each category. However, if there are a large number of entrants, other applicants may be awarded a special commendation such as highly commended.

Judges can decide to not grant an award for any category where no entrant reflects the criteria to a sufficient standard or no entrant reflects the objectives of the Bespoke Window/Glass Award, in that they celebrate excellence in workmanship in the window and glass industry.

DESIGN AWARDS 2021

BESPOKE WINDOW/GLASS PROJECT

BESPOKE: A PRODUCT REQUIRED BY A CUSTOMER THAT IS NOT A STANDARD WINDOW OR GLASS PRODUCT AND IS MADE TO FULFIL A SPECIFIC PURPOSE. EXAMPLES OF PRODUCTS COULD BE GLASS STAIRS, GLASS FLOORS, GLASS AND STEEL BRIDGE, GAS STRUTTED OPENING WINDOW, SPECIAL SHOWER SCREEN ENCLOSURE, PRINTED GLASS PRODUCT ETC.

UPLOAD INSTRUCTIONS

To prevent any loss in quality, all image files must be supplied in RGB format at a resolution of 300 dpi. A useful shorthand is a file size of at least 1MB. Files should be no larger than 10MB. Images from websites that have been "up-resed" artificially to 300 dpi will be unusable for promotional purposes.

We recommend that large files are submitted via a USB or CD. If this is not possible, please use a file transfer website (e.g. www.wetransfer.com).

Please Note: AGWA cannot accept emailed compressed files (.ZIP .RAR .7Z)

The Bespoke Window/Glass Project Award will be judged on the submission provided by the entrant. As the competition is national, judges will not be able to physically visit the sites.
